

02.03.2009

Dear Fellow Rotarians

I have great pleasure to present to you the District Byelaws of our new District 3202. The drafts were earlier discussed at COG, circulated to all Club Presidents and later published at the District Website for your deliberations and suggestions. There were some suggestions; and these were incorporated and then presented on 15th February 2009 at the District Conference “UDAYAM 2009” held at Cannanore and passed unanimously.

As you are aware, these District Byelaws are important documents. I request all Club Presidents to set aside few weeks to read out and deliberate upon these approved Byelaws at club meetings for proper understanding by members. Amendments to these Byelaws are possible at the ensuing District Conferences only, the procedures for which are listed in the Byelaws itself.

I thank Council of Governors and all Rotarians for their active support & co-operation in preparing and adopting these byelaws for our District. A gratis copy each is sent to all members of COG, Club Presidents and Assistant Governors. You can also download it from District website.

With regards

Yours Sincerely

M.Prakash

District Governor.
